PRESERVING/ MAINTAINING AND EXPANDING UPON ALL PRIOR ALLEGATIONS/COUNTER CLAIMS/COMPLAINTS/ALLEGATIONS AND CHARGES

NOW COMES Joseph Louis Reddo by and through counsel of record, hereinafter the Writer hereof, who were by the person of the court, a servant subordinate and trustee, and the Office of Attorney General, shown contempt of Rights without cause or justification, and for both his and the Writer's cause and Motion as styled above states:

1. THAT on the seventeenth day of the sixth month, Two Thousand Thirteen, the above

named Joseph Louis Reddo, Counter Petitioner and Respondent to the Original Petition In Suit, whose repeated protests and objections fell upon the deaf ears of the prosecuting Judge after his Counsel was threatened by court officers with arrest if he did not abandon his client and brother, was thereafter by an assistant of the Office of the [*2] Attorney General threatened, coerced, and intimidated, upon direction of the court pursuant to public policy under *color of law* it is presumed, into signing a settlement contract without counsel present, the terms and conditions of which include an obligation that he pay a specific amount of Ransom in the form of maintenance or child support to the private for profit corporate STATE for a child that has always lived with him, the same being property of JOSEPH LOUIS REDDO, Estate. (See 'Counter Petitioner's Affidavit and Verified Statement of Complaint requesting an evidentiary hearing' to be submitted forthwit.) In the Interim:

2. THAT Counter Petitioner, Joseph Louis Reddo, can make no payment on any obligation or debt pursuant to the terms of the same said settlement contract until clarification of appropriate tender in payment by the Attorney General and Court is made in amendment to said contract, as herewith requested.

3. THAT No state may make any thing but gold or silver coin tender in payment of debts (Article 1 sec 10, US Constitution), yet no payment in gold or silver may be demanded in

payment of any debt or obligation (HJR 192). Legalese and Legalism (witchcraft [*3] and black magic to the natural law as practiced) have long since come to abrogate and contradict the Law of the land, resulting in a Conflict of Law, in Diversity Jurisdiction, that Grey area in between worlds.

4. THAT neither paper currency nor deposits have value as commodities, as deposits are merely book entries, and it is still a felony to tender any substitute for lawful money in many States. And we wouldn't want to be drawn into contributing to a criminal enterprise, now would we?

5. THAT when pressured to identify the form of money to be used to settle a judgment, the 52nd 3rd Judicial District Court of Michigan, Honorable Justice James P. Sheehy presiding, Ruled that "coffee beans" was money, storming out of the court room shouting: "I don't care if you pay it in coffee beans just so long as you pay it!" (Montgomery Wards v Eugene Glasure case #82-002087 (1982)). The judge, as in many intentionally unpublished state and federal cases, could not bring himself to violate the law in open court on record and declare Federal Reserve Notes to be lawful tender in payment of debts, so Glasure, a Michigan Native, member of the Michigan Militia and personal friend of this [*4] Writer, payed the settlement, court costs, and a few of his other debts, in "Coffee Beans," and still carries a large sack of them around with him at all times down to this very day.

6. THAT It was certainly not within the enumerated powers of Congressional authority to transfer the issuing of gold and silver certificates, and ultimately federal reserve notes, to the private Federal Reserve being a foreign power with respect to lawful government, as "Congress may not abdicate [to give up., renounce or relinquish...authorities, duties...powers, or

responsibility] to transfer to others its legitimate [delegated] functions" Schechter Poultry v. U.S., 29 U.S., 495 U.S. 837, 842 (1935)

7. THAT Federal Reserve Notes may very well be "legal tender" for the United States possessions and Territorial federal zone(s) under the Exclusive Legislative jurisdiction of the United States not under Constitutional protection and restrictions; However, both the Constitution and the Law of the Land lead only to one inescapable conclusion: that Federal Reserve Notes certainly are NOT Constitutional tender or lawful money for the Citizens of the 50 sovereign states in these [*5] united states of America, in fact, not fiction, outside corporate jurisdiction of law werewith dead ghosts and fictional corporate persons dwell in commerce, that now and here corrupt and poison the lawful operation of all local governments and courts in the real world.

8. THAT The Federal Reserve Bank, Federal Reserve Notes, and the Corporate Privatization of government, therewith no longer empowered in law with the authority to operate as Public institutions, treating private persons as public corporations, a reversal of roles, evidence that the lawful operation of government, as admitted by government in response to volumes of administrative remedy petitions, has been fundamentally corrupted from its highest office down to its inferior incorporated state court jurisdictions that can no longer lay any claim to maintaining a fair, impartial, or independent judiciary, having been compromised, bought off, bribed, and restructured over the past hundred years by an agency and power foreign to legitimate government, functioning completely, and wholly contrary to its purpose, charter, and constitution, a REALLY BAD JOKE on We the People of these, divided/united states of America, submitted [*6] for an offering of Proof, Proof Offered.

9. That the Writer quite sincerely Believes, based upon the record of the instant proceedings and his knowledge of other such proceedings, the inaction of the presiding judicial officer and attorney general upon the facts in evidence and law as would be of them required, in all likelihood, that they are involved in a 'Kids For Cash,' immoral and corrupt commercial scheme, receiving a financial consideration to supply support and maintenance payments by arranged judgment to other for profit State Agencies, in the form of contribution or tribute, to those ton tine wagering schemes and bankrupt 'social insurance' programs, CPS, SSA, and the like which they serve, assessing financial obligations by way of graft and legal plunder upon parties, families, and estates, for which they can substantiate no just cause or grounds in law to sue or intervene, assuming, without proof of claim or standing law, upon legal perhaps, but not 'equitable' title to children named by them in custody proceedings. Much like those trustees of Estate for crusaders, who upon their return, would not relinquish control of the executors property for want of further ill [*7] gotten gains.

JUDICIAL NOTICE BY COUNTER PETITIONER'S COUNSEL

THAT The Writer will so proceed to court on several Motions in the future observing court room decorum and the law, treating with respect all subordinate trustee *servants* so as not to embarrass any *actors* and allow the same to save face and remain in honor before witnesses, until such time as the supposed fair and impartial arbiter again prosecutes for and defends opposing counsels shortcomings in the absence of any actionable or articulated cause, claim, or standing in Law for his Original Petition In Suit, both said being employed by Counter Petitioner's fictional for profit corporate opponent, STATE, the same being a conflict of interest whereby there can

be no Due Process, at which time this Writer will call these on their corruption and collusion in open court with a Motion for Judicial Disqualification for Bias and Prejudice, long since perfected to always prevail over any executive or legislative branch private contractor masquerading as and impersonating an Article III Judicial Branch government public official and/or state Judge, as prepared for Immediate submission upon absence of, or reception of an [*8] unacceptable, and untimely response, or my arrest, carrying 21 dollars in silver for personal bond, wearing a black and white masonic checkerboard suit with a rainbow bridge tie, greeting his honorable Eminence and Excellency with a grand and regal bow and a smile." RR.

REMEDY AND RELIEF SOUGHT

WHEREFORE, the the Counter Petitioner requests the Court, his Honorable Eminence and Excellency, employee of opposing counsels fictional corporate client STATE, direct and compel the Attorney General to clarify and identify in writing for the record of these proceedings a suitable and acceptable form of payment under law in amendment to and with respect to maintenance or child support obligations as by the court imposed as assessed in the void and incomplete settlement contract obtained by threat and originating in fraud for ransom payments as previously defined pursuant to Counter Petitioner: **"ESTATE'S COUNTER COMPLAINT IN RESPONSE AND OBJECTIONS TO ORIGINAL PETITION IN SUIT EFFECTING PARENT-CHILD RELATIONSHIP"** filed pursuant to the instant proceedings with the court as a matter of Public Record, or void the settlement contract that in fact already is; *nunc pro tunc ab initio*.
